

Pennsylvania EITC/OSTC Guidelines 2019/20

Pennsylvania residents are eligible for scholarships for their children based on the follow household income criteria...

Household income is less than **\$90,000.00** plus **\$15,842** for each **qualifying dependent** in the family in 2019–20.

For example...

A family with one qualifying dependent must have an income below \$105,842 (\$90,000 + \$15,842 = \$105,842)

A family with two qualifying dependents must have an income below \$121,684 (\$90,000 + \$15,842 + \$15,842 = \$121,684)

A family with three qualifying dependents must have an income below \$137,526 (\$90,000 + \$15,842 + \$15,842 + \$15,842 = \$137,526)

In addition, if the applying family has a child that is considered disabled according to Pennsylvania EITC/OSTC law the qualifying dependent amount would be multiplied by 1.50 for a **support level 1 disability** and by 2.993 for a **support level 2 disability**.

For example...

A family with one qualifying dependent that has a support level 1 disability must have an income below \$113,763 (\$90,000 + \$23,763 (15,842 x 1.50 = \$23,763) = \$113,763)

A family with one qualifying dependent that has a support level 2 disability must have an income below \$137,415.11 (\$90,000 + \$47,415.11 (15,842 x 2.993 = \$47,415.11) = \$137,415.11)
